TRACKResults

For great business decisions

trackresults.com : 888.819.4807

BE CONFIDENT ABOUT YOUR BUSINESS DECISIONS

POWERFUL

Make immediate, impactful, informed decisions when facing changes in your business.

EASY

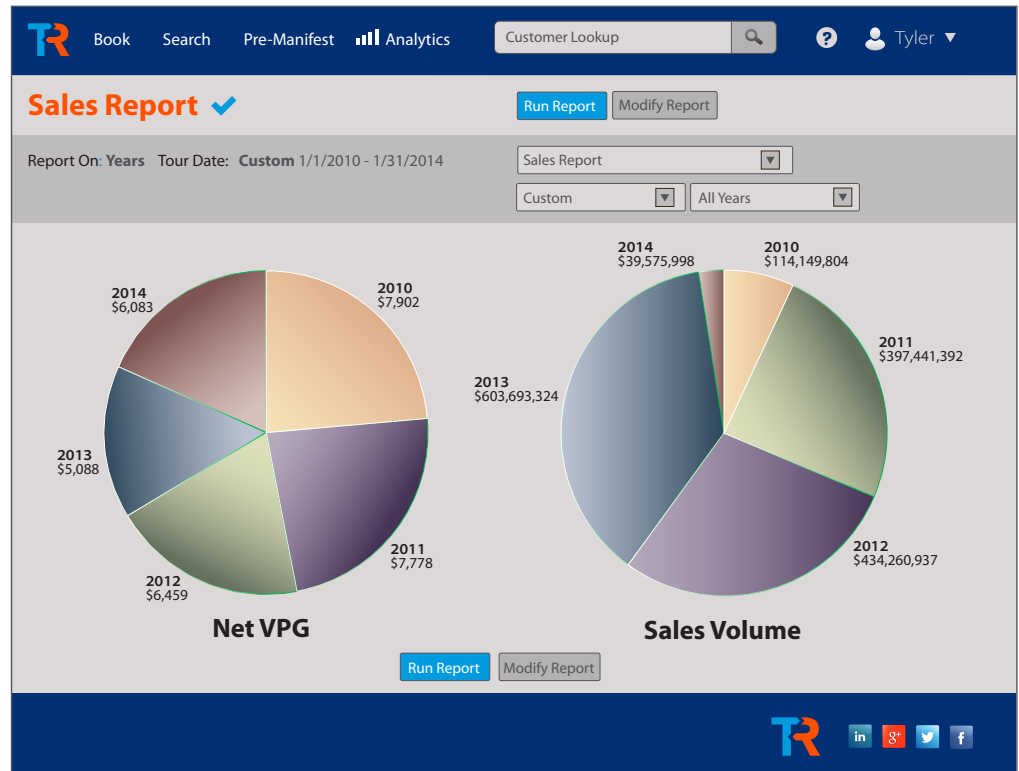

It's so intuitive. Non-technical users can run instant analytics with no formal training. Empower anyone in your organization to monitor and analyze business information easily.

HIGH VOLUME

Over 25 million reports generated and analyzed in 2013.

VISUAL

TrackResults has an array of visual components including pie charts, bar graphs, speedometers, and thermometers.

GET INTO YOUR DATA

TrackResults enables user-driven ad hoc analysis. The software uncovers patterns and trends in the data, exposing opportunities to save resources or increase revenue. The simple-to-use report builder offers multi-level data filters. Interactive charts make the data come alive which brings a new depth of perception into your business.

TURN YOUR INSIGHT TO ACTION

The insight provided by TrackResults becomes invaluable for decision makers. There is no need to be tech savvy data experts. Users can say goodbye to wasted resources and time. The days of wading through static reports to get results are gone. TrackResults provides fast, real-time data analysis so insights are actionable now.
